

PREMIER HOUSE

September 2021

We were appointed to undertake the removal and disposal of asbestos containing materials site-wide in readiness for the demolition of this City Centre Hotel and Car Park.

Works included the removal and disposal of over 1,200 linear metres of Asbestos Insulation Board (NCP Car Park), Asbestos Insulation Board Shuttering and various elements of non-licensed works.

Significantly challenges included working to a condensed programme of works, within a prime city-centre location with limited space and adjacent to both rail lines and waterways.

VALUE: £110,000

PROGRAMME: 6 WEEKS
