

ISLINGTON MILL

JANUARY 2022

We were appointed to undertake the removal and disposal of Asbestos Insulating Board from various areas of Islington Mill.

The works, forming part of the Arts Council Grant to regenerate the Mill, were completed sympathetic to the Main Contractors critical path, with all enclosures carefully coordinated to ensure overall programme efficiency for the scheme.

All works were completed within programme and to Main Contractor and Client satisfaction.

VALUE: £125,000

PROGRAMME: 12 WEEKS
